Message From The Manager

As many of you are aware, last fall we lost the large beech tree on hole 18. Over the past several months we have worked on developing an action plan to address that area. I'm happy to announce we have finally completed the project by adding a new bunker along the right-hand side of the fairway. We feel this bunker will still provide a challenging tee shot while keeping the integrity of the hole intact. The club would like to thank Dino and his staff for all the hard work put into this large project.
